Last Updated on: 03/01/2024

Disclaimer: The materials listed below are not guaranteed to still be available and are distributed on a first come first serve basis. The majority are relatively new items that did not, for various reasons, make it to their intended destinations. We find a lot of customers come from county city or government, small businesses, and even private individuals. Please e-mail me if you're interested in an item, and I'll verify that it is available and get back with you in a timely manner. PLEASE DO NOT DROP BY THE OFFICE TO PICK UP MATERIALS WITHOUT MAKING PRIOR ARRANGEMENTS. The materials listed below will be transferred free of charge. The recipient is responsible for picking it up or paying for the shipping involved. A transfer of inventory document will have the following statements:

I do hereby agree that the materials listed below will be used for their intended purpose. I knowingly accept full responsibility and total liability for these materials at this time. I further acknowledge and agree that these materials are being accepted as damaged or out-of-date or off-specification goods, that they carry neither warranty nor guarantee. I further agree that I will store these items in such a manner to ensure the protection of the environment. I further agree that if for any reason I must dispose of this material for a fee, said fee will be my responsibility. I agree to indemnify, defend and hold harmless the product manufacturer, product distributor and Environmental Management, Inc., their respective present and future officers, employees, agents or assigns from and against any and all claims, demands, suits cause of action in law or equity, expenses and liability of any nature based upon any damage, destruction of property, injury, or death of persons or action arising out of use of this product transferred to the above individual or organization as damaged, out-of-date, or off-specification goods. \*\*\*\*\* ATTENTION!!!! \*\*\*\*\*

Effective October 1st, 2015, Environmental Management will no longer load any Product Distribution items inside a vehicle such as cars, SUVs, Vans, Mini-Vans, etc. We will continue to load bulky, heavy items onto pickup beds, flat beds, box trucks, trailers, etc. It is the responsibility of the recipient to arrive in the appropriate vehicle to receive their requested products. We recommend anyone wishing to receive products arrive in a vehicle that provides a separation between the passengers and the products. Passengers and products in the same space are not recommended.

### Light Bulb Inventory

Due to the nature of the program, a light bulb inventory can not be kept current enough to merit an inventory list on this website. We do still carry light bulbs, and we are more than happy to check the inventory for availability upon request. When requesting light bulbs please include the diameter (T-5, T-8, T-12, household bulbs, etc.), the pin configuration (Single Pin, Double Pin, Recessed Double Pin), and the length needed.

If the product description is highlighted in a peach color, the item is new to the inventory list.
